Strawberry

Exquisite fruit with great nutraceutical potential, rich in antioxidants (main flavanols, protoanthocyanidins and anthocyanins), in addition to its great nutritional wealth, such as vitamins (C, E and folic acid) and minerals. Studies have shown that its antioxidant capacity is greater than that of other berries including grapes.

In addition, studies have been done that show that strawberry fruit contains a very important flavonol called Fisetin, which has an effect on diseases such as Alzheimer's, one of the most important neurodegenerative diseases in this 21st century.

Therefore, the use of strawberry fruit in this drink makes it potentially effective in preventing or improving consumer health.

Recharge yourself with energy enjoying the delicious flavor of Hidra Energy, while you get all the benefits of its powerful formula based on **Strawberry, Pineapple, Jamaica, Goji, Coenzyme Q10, Grapefruit, Pomegranate, Stevia, Vitamin C, Coral Calcium and Grape Seed**. which make it an excellent antioxidant.
